

Western Kansas World.

Established March 1, 1879.

Official Paper of Trego County.

SATURDAY, AUGUST 29, 1896.

WHAT 16 TO 1 MEANS.

It means that 16 ounces of silver for debt paying purposes shall be made, by law, worth as much as 1 ounce of gold.

One ounce of gold will now coin \$18.60. Sixteen ounces of silver shall be made to coin \$18.60.

You can buy in any market to-day 16 ounces of silver for \$9.94. The profit is 87 per cent., or \$8.66.

In other words, if a man borrows of you to-day \$18.60 he can pay you, if "free silver at 16 to 1" becomes a law, with \$9.94.

Look out that it doesn't! Silver is merely a commodity, like tin, iron and wood.

If the government should say \$9.94 worth of wood shall cost \$18.60, would you buy it? Certainly not.

The silver dollar to-day is worth 53 cents. Its present ratio to gold is about 31 to 1. All the governments in the world cannot change the commercial value of silver any more than that of coal, iron, tin or copper!

The more silver produced the cheaper it will get!

Would England, France or Germany take in payment of debt from us for \$18.60, \$9.94, simply because our government said that \$9.94 worth of silver is worth \$18.60 of gold?

Certainly not! No more than you would accept such a settlement of a personal debt.

A standard of exchange must be extensive with the commercial world and acceptable to all concerned.

The government has kept the difference between 100 cents worth of silver and the silver in a dollar to protect it in guaranteeing every silver dollar as good as any other dollar.

Under free silver the mine owner would keep 47 cents for guaranteeing nothing and, the rest of us would get a 53-cent dollar.

My little boy when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera & Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now stout and strong as ever. I feel sure it saved his life. I never can praise the remedy half its worth. I am sorry every one in the world does not know how good it is, as I do—Mrs. Lina S. CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labelling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. SAMUEL PITCHER. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government-protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 25 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children will be kept well, and that you will have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Fletcher* is on every wrapper.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints.
